Dear Valued Advisor,

In order to support you in conducting your business digitally with your clients, we have created two eApps Landing Pages for you, as indicated below.

eApps: Public Access Page

This page is available on the Global Pacific Website at www.globalpacific.com/eapps, and does not require sign in.

On this page, you will find links to the Carrier eApps, their Advisor Sites, and links to some of the Carriers' publicly available videos and reference documents relating to doing electronic applications.

Many of the Carriers will require you to sign in to access their electronic application, and if not already registered to use their electronic application systems, will prompt you to Register using your Advisor Code to use the service.

We have also included the link to our Carrier Illustration Software for all Carriers at the top of this page. Note, that when clicking that link, you will be required to sign in to our Global Pacific Website, at which point you will be directed to the Carrier Illustration Software Page. **Please ensure you are using the current illustration software, or applications will be rejected and/or cause unnecessary delays.

eApps: Secure Login Page:

This page is available on the Global Pacific Website at www.globalpacific.com/resource-centre/eapps, and requires you to sign in.

as well as links to additional non-public resources, that will help you conduct your business virtually.

Furthermore, each Carrier eApps Secure Page, will have a link to "COVID-19 Update", which will direct you to the Carrier's information page on doing business with them under the current COVID-19 circumstances. Such information may include, but is not limited to, electronic application usage, non-face-to-face requirements, policy delivery, underwriting, webinars, and market conditions. These pages are regularly updated, so check back often.

We are confident that you will be able to continue to conduct your business operations seamlessly, by referencing these pages, and if at any time you need any support please feel free to reach out to the Sales & Marketing Team at Global Pacific.

Application Tips ? Initial Payment for Life and Investment Applications

You may be used to collecting cheques for first time payments upon application. We discourage this practice at this time, as it will delay your application considerably. Instead, we recommend that you do the following:

Life Business:

Collect a void cheque or PAD form from the client, or where the Carrier permits, use a Credit Card for the first payment.

Below you will find a list of Carriers allowing for Credit Cards to be used for the initial payment, and other premium payment options:

- **BMO** Life & CI App ? Part of Application - Credit Card - First ANNUAL Payment Only
- **CPP** - If the initial premium is to be paid by credit card, the frequency of premium payments must be annual.
 - If premium payment is monthly by Pre-Authorized Debit (PAD), include a void cheque or complete the banking information on page 6 (see sample cheque below).
- **Empire** Fast & Full - For most applications, initial premium must be paid online when the application is completed using the Owner's or Life Insured's MasterCard, Visa, Visa Debit, American Express, Interac Online, PayPal account or pre-authorized debit at the time of policy issue following application approval, unless application is auto-approved or temporary insurance is obtained.
